Enrollment: 825
Average Class Size: 25

Brief Summary of Instructional Program_____

Our school helps all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a positive school environment in which the pursuit of educational excellence prepares students to become responsible, productive citizens by focusing on the whole child while delivering developmentally appropriate learning experiences through the involvement of school, family, and community.

The Daily Five, Café, hands-on math, Next Steps Guided Reading Assessments, Lucy Calkins Writing, small group and one on one instruction provide students with more individualized learning in the classroom. Push-in and pull-out reading intervention, the use of science kits, the integration of

reading and social studies, educational field trips, and professional development support classroom learning and real life experiences. In addition, the Positive Behavior Interventions and Supports program rewards positive behavior.

Alice Drive Elementary believes that learning is a lifelong process involving family, school, and community cooperation. Thank you for all of your support in assisting in the education of our future leaders.

Suzanna Foley, Principal
251 Alice Drive
Sumter, SC 29150
