

Alice Drive Elementary School Improvement Council

Meeting Minutes

February 11, 2019

In attendance: Suzanna Foley, Helen Simon, Shauntae Bines, Tanya Quiroz, Katherine Spigner, Cathy Wood, Rachael Burton, Brittini Buitureira, Robert Colby, LaTonia Washington, Amy Chua

- The meeting began at 3:04 p.m. with a welcome from Mrs. Foley and a review of the minutes from the previous meeting. The minutes were approved by all.
- Mrs. Foley distributed wish lists compiled by grade levels and individual teachers. These wish lists included items such as basic classroom supplies and online learning program subscriptions. Mrs. Catherine Wood announced that she has received approval from Central Carolina Technical College to purchase a 3D printer for our school.
- Mrs. Wood mentioned having a fifth grade class participate in the paper-making process with CCTC. Mrs. Quiroz added that students would be using old homework assignments to demonstrate the true meaning of recycling, and that students could then create a piece of art on the paper to display in the CCTC art gallery. Mrs. Foley explained that this project would tie in perfectly with fifth grade standards. The council is enthusiastic about this potential partnership.
- The next meeting is scheduled for March 11, 2019.
- The meeting was adjourned at 3:23 p.m.
