

Pledge of Responsibilities for Alice Drive Elementary Administrators, Teachers, Parents, and Students

Principals and Teachers

Schools have a responsibility to provide a positive, safe environment that is open to parents. We strive to set high expectations for learning in order to educate students to be successful citizens. Therefore, I pledge that I will be a positive role model, reward and recognize good behavior, provide consistent, fair discipline, and encourage parental involvement in my school. I also pledge to maintain an open-door policy for parents at all times and to establish and promote open lines of communication with parents concerning their child's performance.

Parents/Guardians

Involvement in my child's school is extremely important to improve learning and student conduct. Therefore, as a parent or guardian, I pledge that I will be actively involved in my child's learning, attend conferences with teachers, support and/or attend school programs, and maintain open, honest communication with the school. I also pledge that I will communicate positive values and model honesty, trust, integrity, compassion and fairness. I further pledge to provide a supportive home environment in order to ensure success at school.

Students

I will be successful in school when:

- I behave at school and at home
- I respect others
- I come to school with my schoolwork and supplies
- I tell the truth
- I pay attention
- I strive to do my best

We agree to support the above statements to the best of our abilities.
